

## Pastor Phil Featherstone Camp Scholarship Program

### Mark 6:31, “Come away and rest awhile.

There’s nothing like a camp experience to open a child’s heart or bring a family together in the love of Christ. It provides a time and place to ignite faith, instill character, and implant ideals. Many people make significant spiritual decisions during or following a camp experience.

The **Pastor Phil Featherstone Scholarship Program** is designed to be an extension of the local church, to strengthen and support local church ministry, and to help needy kids and families come to camp.

**Scholarship** funds are primarily given through a local church in the form of a matching scholarship that enables that church to reach more kids and families than would otherwise be possible on its own. Individuals and families who need scholarships are encouraged to seek support through their local churches. If a local church is unable to meet a scholarship **request, it can contact** The ARC for a **Camp** Scholarship to match what the church can provide.

**Camp** Scholarships are matching funds used to :

- Reach low income families
- Reach new children or families in the community
- An incentive prize for weekly programs within the church
- Outreach incentive for church kids and families to bring un-churched friends to camp
